

while contributing to further hemispheric integration and economic growth in the United States. This Agreement is vital to ensuring Colombia continues on its trajectory of positive change.

As a part of an ambitious trade agenda, it is important that the Congress renew a strong and robust Trade Adjustment Assistance Program consistent with reforms enacted in 2009. Renewal of that program is necessary to support Americans who need training and other services when their jobs are adversely affected by trade. As we expand access to other markets abroad, we need to ensure that American workers are provided the tools needed to take advantage of these opportunities and are not left behind in the global economy.

Approval of the Agreement is therefore in our national interest. I urge the Congress to enact this legislation promptly.

LETTERS EXCHANGED BETWEEN THE UNITED STATES AND KOREA THAT CONTAIN THOSE COMMITMENTS, WHICH FURTHER ENHANCE THE UNITED STATES-KOREA FREE TRADE AGREEMENT—PM 27

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with accompanying reports and papers; which was referred to the Committee on Finance:

To the Congress of the United States:

By separate message, I have transmitted to the Congress a bill to approve and implement the United States-Korea Free Trade Agreement. In that message, I highlighted new commitments that my Administration, in close coordination with the Congress, successfully negotiated to provide additional market access and a level playing field for American auto manufacturers and workers exporting to Korea.

Herewith I am transmitting the letters exchanged between the United States and Korea that contain those commitments, which further enhance the most commercially significant trade agreement the United States has concluded in more than 17 years. The documents I have transmitted in these two messages constitute the entire United States-Korea trade agreement package.
